

FREQUENTLY ASKED QUESTIONS FOR THE VALLEY OF FIRE STATE PARK

General Questions:

1) How large is the Valley of Fire State Park?

The Valley of Fire has almost 42,000 acres of land and has about 20 miles of paved roadway to travel on in the park itself

2) Where are we allowed to ride bicycles in the park?

There are no designated trails for bicycles at this time, so you can use the roadway or any pre-existing roadway. There are two trails for extreme off road bicycling, please contact the park for trails.

3) Where does our water come from? Power?

The water is pumped out of a well that is 1500 feet down. It is over 800 feet to the water table. The pump is 816 feet down. Power lines are underground.

4) Is the water safe to drink?

Yes.

5) What do the piles of rocks mean coming into and inside of the park?

They are called Hoodoos. Their legend/folklore is that the higher a person stacks the rocks, the better luck or good fortune they will have on their hike, hunt, or journey. They are also used by hikers to mark a spot or turn on a trail. Today, they are mainly stacked up by people who want to leave their mark in the park. They are not natural to the Valley of Fire's landscape and therefore are not appreciated inside the park boundary.

6) What is the elevation at the Visitor Center, west, and the east?

Visitor Center is 2,000 feet above sea level. The west is at 3,000 feet and the east is 1,500 feet above sea level.

7) Are there any restrooms and picnic areas in the park?

Yes. There are several restrooms and picnic areas located throughout the park.

8) Does Valley of Fire sell food, snacks, or drinks inside the park?

We do not have any restaurants or cafes, but there are snacks and cold drinks sold in the Nevada State Parks gift shop.

History:

1) Who was Sergeant Clark?

John G. Clark, retired, of the 13th New York Volunteer Cavalry Regiment, died June 1915, age 72. He was driving a buckboard through the desert on the Arrowhead trail (early trail through the Muddy). He stopped, tied his horse to the back of the buckboard, lay down, and died at this location in Valley of Fire.

2) When was the Visitor Center built?

The Visitor Center was originally built in 1969 and was recently remodeled in 2011.

Geology:

1) Why are the rocks red?

Iron oxide (rust) colors the rocks. The black is “desert varnish” composed of manganese and other oxides.

2) Why are there holes in the rocks?

Natural erosion caused from wind and rain.

3) What is the process that makes wood petrified?

Over the centuries, minerals brought in by water grow and take the existing shape of the wood. The harder components of the wood mold the growing crystals so they take on a “wood like” appearance.

Wildlife:

1) What kinds of animals are found here?

Various reptiles such as snakes, lizards, and desert tortoises are found throughout the park. Also mammals such as bighorn sheep, coyotes, kit fox, and the white tailed antelope ground squirrel.

2) Are the snakes in the Visitor Center poisonous?

No.

3) What snakes are found in the park?

Various rattlesnakes, such as the Sidewinder, Speckled, and Mojave Green Rattlesnake can be found in the park. Other snakes found in the park include the Gopher Snake, California King Snake, and Red Racers.

Rules & Regulations:

1) Can we climb the rocks?

Yes, however climbing on Arch and Atlatl Rock is not permitted. If there is a group that is interested in rappelling in the park, the party must notify a Ranger before they start. This activity is limited to Lone Rock. There are no chalk, pitons, cams, or other hardware allowed when rappelling. Only natural tie offs can be used.

2) Can I drive off-road?

Off road driving is prohibited in the park; however there is an area outside the park known as The Logandale Trails System where you can ride dirt trails. This area can be accessed off of Liston Road in Logandale. For more information go to: **www.logandaletrails.com**.

There is also an area called Bitter Springs which is located off of Mile Marker 3 on the road leading towards the West Entrance of Valley of Fire State Park.

3) Can we take rocks from the park?

NO. It is against the law to remove any rock, plant, or animal life from the park.

4) Is hunting allowed in the park?

NO. Hunting is not permitted inside the Valley of Fire Park boundaries.

5) What is hunted in the area?

Bighorn sheep are hunted on the National Park and BLM lands around the park.

6) Why can't we bring food or beverages into the building?

Spills have damaged both the carpet and displays. Food crumbs also attract mice and ants.

7) Why do we have to pay to come through the park?

Your fees help to preserve and maintain the park for your enjoyment and the enjoyment of future generations.

8) Can we drink alcoholic beverages in the park?

Yes. However, the laws still apply to drinking and driving and also open containers are not allowed in vehicles.

9) Do we need to wear helmets when riding a motorcycle in the park?

Yes. The Valley of Fire is still in the state of Nevada. It is a Nevada law to wear a helmet while riding a motorcycle.

11) If a motor home is towing a car, does the car have to pay a fee?

All towed vehicles are exempt from paying entrance and camping fees.

Directions:

1) How do I get to Valley of Fire State Park?

You can also take I-15 South to exit 75. Take a left at the end of the exit ramp and follow the road heading towards the Valley of Fire State Park. The park is approximately 18 miles East of I-15.

From Las Vegas via Lake Mead:

Take Lake Mead Blvd (NV 147) East towards the Lake Mead National Recreation Area. Turn left onto NV 167. Take the first left after Overton Beach turn out heading West towards the Valley of Fire State Park. The park entrance is approximately 1.5 miles from the NV 167.

2) Where is the closest gas?

Moapa Paiute Tribal Plaza at exit 75 on I-15. (11 miles west of the West Entrance) or Overton, (14 miles north of the East Entrance)

3) How far is Lake Mead from here?

The first marina with facilities is Echo Bay. It has a boat dock, gas, camping, and RV park.

4) How far is the town of Overton from here?

Approximately 14 miles. Fuel and restaurants are available there.

5) Where can I get food?

The town of Overton, Echo Bay, and the Moapa Paiute Tribal Plaza have restaurants. We sell snacks and cold drinks inside the park's Visitor Center gift shop.

6) How far is it to White Domes?

From the Visitor Center it is 5 ½ miles one way to White Domes.

Camping:

1) Can I make a reservation for camping?

No, other than the 3 sites at our Group Use Campgrounds. Atlatl Rock Campground and Arch Rock Campground are occupied on a first-come-first-serve basis.

2) How much is it to camp?

The total paid per night is \$20.00, which includes the park entrance fee of \$10.00.

The new expansion sites which have water and power hook ups are an additional \$10 more per night for a total of \$30 per night.

3) How much is it to camp in the Group Use area?

The Group use camping fee is \$25 for the site per night plus an additional \$20 per vehicle/per night. A maximum of 12 car type vehicles are allowed at each Group use area. There is no minimum and a maximum of 45 people area allowed per site. There are 3 sites available.

Reservations are required for the Group Use Camping Area.

4) How can I make a Group Use Reservation?

You can reserve the Group Use area by calling the Valley of Fire park office at (702) 397-2088.

Reservations for January 1st through February are taken starting on November 15th. We start taking Group Use Reservations for the rest of the year on January 2nd at 8:30am, no earlier.

5) Are there fees for use of the Picnic Areas?

Your \$10 Entry Fee covers the use of the picnic areas. Areas such as the Group Use or either of the two Campgrounds require an additional fee.

6) What are the quiet hours?

10:00pm to 7:00am are the quiet hours in the campgrounds.

7) What time is check out in the campground?

2:00pm

8) Can the handicapped sites be used by non-handicapped people?

Yes, but every other site has to be occupied in both campgrounds first.

9) Can 2 vehicles camp at one site?

Yes, but fees are paid per vehicle, not per site.

Nevada State Park Passes:

1) Do you accept any Park Passes?

We accept ONLY the Nevada State Parks Passport (\$100), the Valley of Fire Annual Pass (\$75), and the Senior Pass for Nevada State Parks (\$30). We DO NOT accept any National Park Passes or Golden Eagle Passes.

2) What is required to get an Annual Senior Pass for Nevada State Parks?

You must be at least 65 years of age and have been a resident of Nevada for at least 5 years. An annual administrative fee of \$30.00 is charged. You can now order your annual senior permit and receive it through the mail. [See overview](#) and view Frequently Asked Questions (FAQs). [Download application here](#) to fill out and mail in.

3) What is required to get an Annual Disabled Veterans Pass for State Parks?

Permit is issued to a disabled veteran who resides in Nevada and can show proof of a permanent service-connective disability of 10 percent or more from the Department of Veterans Affairs and was Honorably discharged from the Armed Forces of the United States. An annual administrative fee of \$30.00 is charged. You can now order your Disabled Veterans Permit and receive it through the mail. [See overview](#) and view Frequency Asked Questions (FAQs). [Download application here](#) to fill out and mail in.

4) Do the park passes include camping fees?

The Senior Pass and Disabled Veterans Pass are the only passes where camping is included in the permit. However it does not cover the Electric and Water surcharge for use of the Campground loop with hook-ups. The Electric and Water fee is \$10 per night. The Nevada State Parks Passport and the Valley of Fire Annual Pass cover only the entrance fees, therefore they still require the payment of camping fees. You can now order your Senior Pass and receive it through the mail.
